

Betty Berkley

Building on The Dream 2009

"I currently share an apartment with my son and a close friend," says Betty Berkley. "There is not a yard or any safe place for my son, Kyler, to play. Habitat is enabling me to give my child a gift that would otherwise be out of my grasp. We will finally have a place of our own that we can be proud of."

Betty is excited about becoming part of the Habitat community. "The generosity of those involved gives me great pride," she explains. "As a Habitat partner, I will be able to help my community learn the importance of how the program works and get involved with volunteerism."

Betty Berkley and her son Kyler, age 4.

Ms. Berkley has worked as an accountant for Durant Toyota since 2007.

The Berkley Family, along with Habitat for Humanity, area sponsors, and local volunteers, will build in partnership during Building on the Dream, Spring 2009.

"Habitat is enabling me to give my child a gift that would otherwise be out of my grasp."
