

## Construction Schedule

Sometimes we are forced to cancel a volunteer work day due to a delay, such as a pending inspection or a sub-contractor step that must be finished before the next volunteer activity can begin. Also, when volunteers proceed very quickly, it is possible to run out of work at certain stages of the build schedule. We attempt to minimize this, but cannot make guarantees.

## Tools & Dress

Habitat provides the essential tools and materials required to build our houses. Hard hats, safety glasses and some gloves are available at each work site. Every volunteer should bring:

- |   |                      |
|---|----------------------|
| * Work Gloves                           | * Sun Screen         |
| * Hard-soled shoes (NO open toed shoes) | * Hat and sunglasses |

*Aledo High students to follow school dress code.*

Habitat recommends volunteers wear comfortable clothing and work boots or no-skid, thick-soled shoes. **No sandals!** Very loose clothing should be avoided because it can catch on ladders and tools.

Volunteers may bring their own tools if they like, but Habitat cannot be responsible for lost or damaged tools.

**Please:** No framing nail guns are allowed on the construction site.

## No Alcohol

No alcoholic beverages are permitted on the worksite. Anyone who has consumed alcoholic beverages prior to coming on the worksite will be asked to leave.

## Lunch

**Your group is responsible for providing lunch. Please contact the coordinator from your group for any questions about lunch.**

## House Dedication

You are invited to join in the celebration of the house you helped build. Sometime during the latter half of the construction process, we all gather to bless the house and homeowner family. Please ask the homeowner, Project Manager, sponsor coordinator when it will be, or call the Habitat office.

## Keep Volunteering!

Working on a Habitat house is contagious—you may catch “Habititis” and want to keep building. Just contact our Volunteer Department at **(817) 926-9219 ext 108** or [volunteer.department@trinityhabitat.org](mailto:volunteer.department@trinityhabitat.org).
